Food for thought

- . Cheese comes on a CHEESEsteak, imagine that...
- . It is NOT called a Philly... Or a Philly cheese... Or a Philly cheesesteak.... Just cheesesteak. Or steak
- . Ranch and Chipotle sauce DO NOT belong on a cheesesteak
 - . We DON'T serve wraps OR salads
- . Philadelphians don't know how to make tea... We drink lemonade....
- . Bell peppers DO NOT come standard on a cheesesteak
- . Sweet Peppers (commonly mistaken for bell peppers) are the actual peppers used in Philly... NOT bell peppers
- . Whiz is NOT the original cheese. Neither is American or Provolone. It is a regional preference
 - . There is no such thing as a cheesesteak "with everything"
- . Run far far away when you see "authentic" or "original" with cheesesteak. They're NOT.

And yes, we're really from Philly!
